**Empirical Consulting Solutions Named
One of Philadelphia's 100 Fastest-Growing Companies**

Narberth, PA – September 10, 2019 – Empirical Consulting Solutions (ECS) has been named to the Philadelphia100®, a hallmark of entrepreneurial achievement since 1988. A six-year-old firm, this is the first time ECS has been recognized as one of the 100 fastest-growing companies in the region.

The Philadelphia100 is a merit-based program and identifies and honors the 100 fastest growing, privately-held entrepreneurial companies in the Greater Philadelphia region. Companies considered for this recognition must be independent, privately-held corporations with a full three-year sales history that shows a sales increase from 2016-2018. Applicants are evaluated and audited by CPAs and Consultants.

Chris Lee, an ECS Founder as well as a Managing Partner of the firm, explained, "Being named to the Philadelphia100 is an enormous honor, as the achievement is widely recognized as a standard of excellence. We'd like to thank all of our clients and partners, as without their support and trust, this would not have been possible. We'd also like to congratulate our clients and partners who are a part of this prestigious list.

"Our entire team recognizes that the integrity of the process makes it one of the most sought awards in the region. And perhaps most exciting of all is that 2019 looks to be even brighter in terms of the growth of our company," Lee concluded.

The Philadelphia100 was started in 1988 by the Entrepreneurs' Forum of Greater Philadelphia and the Wharton Small Business Development Center. The Entrepreneurs' Forum of Greater Philadelphia has now partnered with Philadelphia Media Network, publisher of *The Philadelphia Inquirer*, *Daily News* and *Philly.com*.
