

Britt Thomas

DIRECTOR, PMO

bthomas@thinkempirical.com

Britt brings her deep corporate PMO experience to clients and ensures effective decisions are made and projects move forward to successful completion.

Britt is an experienced senior leader with a wide range of strategic and tactical knowledge in the areas of Project and Program Management. Her ability to drive successful collaboration among key stakeholders across cross-functional areas - including marketing and branding, sales, finance, R&D, distribution, and manufacturing - ensures a team achieves optimal business results

EXTENSIVE EXPERTISE IN:

- Project Management (PMO)
- Engineering Product Development & Manufacturing
- Supply Chain Operations
- Business & Systems Integrations (M&A)
- Six-Sigma - Continuous Improvement Strategies
- Vendor Management

Before joining the ECS team, Britt worked at Ford Motor Company as a Design & Release Engineer, where she successfully managed the delivery of several new automotive product innovations from the conceptual phase through post-launch. Earlier in her career, she led a team of Supply Chain Project Managers at Coca-Cola Refreshments and provided program management leadership of people, processes, and system integrations. This included approximately 5,000 associates, \$80 million in sales and delivery cases, and 100 million production cases of product per transition.

Britt earned a Bachelor of Science in Industrial Engineering from Purdue University, an MBA from Lawrence Technological University, and a Master of Science from the University of Detroit.
