

Diane Smith

DIRECTOR, OPERATIONS

dsmith@thinkempirical.com

Diane has a proven history of improving operations, driving revenue, and boosting financial health through strong leadership.

She is known as a decisive executive with a strong background in impacting business direction and performance with successful leadership strategies, tactical decision-making, and forward-thinking approaches.

EXTENSIVE EXPERTISE IN:

Results-driven strategic planning

Project management

Financial management

Inventory control & skew rationalization

Delivering results on complex projects

As former President of a mid-sized manufacturing corporation, Diane successfully guided the company from its inception to a top-three position in its industry. She led the organization's operations, HR, sales, and marketing teams along a successful journey to develop and implement new strategies that met long-term business goals. She also worked to obtain grants which facilitated award-winning, innovative projects, and led her team to research emerging trends within the industry and capitalize on the best ways to develop new products, services, and strategies.

Diane holds a Bachelor of Science in Business Administration from Albright College.

KNOWN FOR:

Teamwork and collaboration

Teambuilding

Attention to detail
