

# George Kury

DIRECTOR, PROJECT MANAGEMENT

[gkury@thinkempirical.com](mailto:gkury@thinkempirical.com)

**With extensive project management experience across a range of industries, George is an effective leader, facilitator, and mentor.** He works collaboratively with all resources assigned to an initiative, including engineers and construction professionals, as well as those representing the functional areas of finance, operations, procurement, and others.

Importantly, he brings best practices in project and capital management to his teams.

## EXTENSIVE EXPERTISE IN:

Budget responsibility and oversight

Coordinating complex schedule requirements

Successfully building and managing teams

Manufacturing methods, processes, and measurements

George has held senior project management and engineering roles at companies within the chemical, defense manufacturing, medical, and automotive industries. He has successfully led large project teams within companies that include Curtiss Wright, Chemtrade Logistics (Canada), Calgon Carbon Corporation, and Pittsburgh Glass Works (PPG Industries). He has supported capital projects ranging in size from \$100K to \$50M.

George holds a Bachelor of Science in Mechanical Engineering from the University of Pittsburgh.

## KNOWN FOR:

Achieving budget requirements and meeting desired deadlines

Consensus building

Excellent communication skills across teams of stakeholders

Effectively managing multifaceted projects
