

Maria Arraiza-Monteux

DIRECTOR, SUPPLY CHAIN AND LOGISTICS

mmonteux@thinkempirical.com

A supply chain and operational excellence expert and relentless problem solver with more than 30 years of experience in operations, Maria is devoted to building capability in the end-to-end supply chain.

Maria is a multilingual operations leader with comprehensive industry and international work experience. She guides businesses to become more productive and profitable through integrated business planning, supply chain optimization, operational excellence, and organizational development.

EXTENSIVE EXPERTISE IN:

Program and project management

Integrated business planning

Contract management

Improved demand planning processes

Increased customer on-time deliveries

Maria has held manufacturing and technology leadership roles at manufacturing plants in the United States, Puerto Rico and France, and has extensive experience managing and optimizing supply chains in the chemicals, advanced materials, aerospace, and metals sectors. She has worked companies that include DuPont, Arconic, Meggitt, Vibrantz Technologies, and Lubrizol.

She earned her B.S. in Chemical Engineering from the University of Puerto Rico at Mayagüez, and holds DuPont Six Sigma MBB, APICS CSCP & SCOR-P and WorldCC CCM Practitioner professional certifications.
